

About Me

My name is Leslie Mathis Echols. Before arriving to NAMS this year I enjoyed a three year stint as a Career Specialist at LBC Middle School, prior to that I worked 5+ years at the North Augusta Parks, Recreation and Leisure Services Department.

I am a North Augusta native. Black and Gold runs through my blood. I graduated from NAHS and then with the help of a Volleyball and Softball Scholarship I attended Newberry College. In 1999 I graduated with a BS in Physical Education with a concentration in Sports Management. I also hold my GCDF (Global Career Development Facilitator) license which allows me to work in the schools to facilitate our youth in career minded decisions such as their education goals and career dreams.

It has been a privilege to come back to North Augusta and work with the students at NAMS. I treasure each moment that I get to listen to their thoughts, ideas and plans for the future.

My home turf consists of four soon to be five. I am the wife of a hard working Construction Forman, and the mother of two girls 8 and 4 and one child on the way set to arrive in late June 2010. I love my community, my church and the public education that our children have the opportunity to obtain in Aiken County. I am thrilled to be a part of NAMS, getting to know each of your children and watching them learn, mature and succeed.

Go Yellow Jackets!!
